

# Rotech M6 Handheld

A battery operated, industrial thermal inkjet printer

Portable and durable, the Rotech M6 handheld is an intelligent, lightweight thermal inkjet printer.

The printer has an extremely low cost of ownership, with one cartridge being able to yield up to 18,000,000 characters. It's also completely maintenance-free - each time you change your ink cartridge you're effectively replacing your printhead.

## IDEAL FOR

- ✓ Printing clear and concise text, images and codes on a variety of substrate types
- ✓ On-the-go, flexible product marking

## TECHNICAL SPECIFICATIONS
